### Delivery Schedule

Year	Number of Ships
FY 2005	1
FY 2006	21
FY 2007	5
FY 2008	3
FY 2009	1

### **Note**

\*These figures had previously been referred to as “Japanese Government Statistics for New Orders in Ship Construction”.

The above statistics represent the Japanese Ministry of Land, Infrastructure and Transport (MLIT - formerly known as MOT) approval for ship construction. This approval may be issued at any point in time following completion of a contract.

MLIT figures record both domestic and export ships of 2,500 GT or 90m in length and over.
